VOL. XXI. NO. 136

PADUCAH, KY., FRIDAY EVENING, JUNE 7, 1907.

10 CENTS PER WEEK

BAPTIST PROGRAM FOR ASSOCIATION

Ministers Will be in Session For Two Days

Mayfield Will Have Large Delegation of Prominent People To Entertain For Week.

WOMEN HAVE AN AUXILIARY

Mayfield will entertain hundreds of prominent Kentuckians the week of June 24, when the State General Association of Baptists meets there, with the Ministers' Meeting and the Woman's Missionary association. The Ministers' meeting will convene Monday night and continue until Wednesday at 10 a. m., when the General association proper will be called to order. The program for the Ministers' Meeting is:

Monday—8:00 p. m.—Sermon, J. R. Hobbs; Alternate, L. T. Wilson. Tuesday—9:00 to 9:30 a. m.—Devotional exercises.

9:30 to 10:00 a. m.—Paper, "How to Train Young Christians in Personal Service," E. F. Wright; Alternate, M. E. Dodd.

10:00 to 10:30 a. m.—General discussion. Speeches limited to five minutes.

10:30 to 11:00 a. m.—"The Denominational Colleges and the Pastor," T. S. Hubert; Alternate, J. F. Williams.

11:00 to 11:30 a. m.—General discussion. Speeches limited to five minutes.

11:30 a. m. to 12:00 m.—Paper, "The Pastor as the Layman Would Have Him," W. H. Harrison; Alternate, B. F. Proctor.

12:00 m. to 12:30 p. m.—General discussion. Speeches limited to five minutes.

2:30 to 3:00 p. m.—Paper, "The Pastor Owns Evangelist," B. A. Dawes; Alternate, O. M. Huey.

3:00 to 3:30 p. m.—General discussion.

3:30 to 4:00 p. m.—"The Apostolic Model in the Missionary Enterprise," J. S. Dill; followed by general mass-meeting of missions, to 4:45 p. m.

4:45 to 5:00 p. m.—Report of committee on obituaries.

Wednesday—9:00 to 10:00 a. m.—Reports of other committees and other unfinished business.

General Association.

There is no set program for the General association, although the work is more or less outlined. The order of business is arranged after the sessions commence. The present officers of the association are:

Moderator, T. T. Eaton, Louisville, Ky.; assistant moderators, W. D. Nowlin, Owingsboro, Ky.; J. S. Dill, Bowling Green, Ky.; Secretary, J. K. Nunnelley, Georgetown, Ky.; assistant secretary, J. Henry Burnett, Glasgow, Ky.; statistical secretary, J. K. Nunnelley, Georgetown, Ky.

Secretary of State Board of Missions—Rev. J. G. Bow, Louisville, Ky.

Corresponding Secretary Home Mission Board—Rev. D. B. Gray, Atlanta, Ga.

Corresponding Secretary Foreign Mission Board—Rev. R. J. Willingham, Richmond, Va.

The following committees will report:

State Missions, H. Boyce Taylor, W. M. Wood; Foreign missions, Carter Helm Jones, W. L. Dorgan; Home missions, J. S. Dill, Preston Blake, Sunday schools and colportage, J. Clyde Turner, Cecil Cook; Woman's work, W. J. McGehee, W. E. Mitchell; Young People's work, J. T. Watts, J. N. Prestridge; Ministers' Aid society, J. A. Booth, J. C. McFerran; Order of business, R. T. Bruner; J. M. Rhoddy; Temperance, M. B. Adams, W. H. Harrison; Nominations, C. M. Thompson, J. W. Heden; Apportionment, J. J. Taylor, B. F. Swindler.

The Woman's Missionary association is auxiliary to the association and meets at the same time. The present officers are:

Mrs. B. F. Proctor, president; Mrs. C. E. Eades, secretary; Mrs. S. Haycraft, auditor; committee on publication, Miss Willie Lamb, Mrs. C. E. Eades.

FINE STICK PIN FOR PRINCIPAL

Professor E. George Payne was the recipient of a pretty scarf pin this afternoon from the members of the sophomore class of the High school, in appreciation of his good work, and as a token of remembrance. After the promotion cards were distributed, rousing cheers were given by all the students for their principal.

The world seldom recognizes the worth of a man until too late for it to help the man.

WEATHER FORECAST.

STORMY.

Showers and local thunder storms tonight and probably Saturday. Highest temperature yesterday, 70; lowest today, 65.

HEIR TO THRONE.
Stockholm, June 7.—Princess Margaret, wife of Prince Gustavus Adolphus, son of the crown prince of Sweden, gave birth to a son today, the future heir to the throne of Sweden.

STOLYPIN RESIGNS.
Paris, June 7.—A dispatch from St. Petersburg says Premier Stolypin has resigned.

INDIAN CYCLONE.

London, June 7.—A dispatch from Bombay today states that a destructive cyclone swept over Kurnachia, completely wrecking the town. Several steamers are reported driven ashore. While no mention of casualties is made it is feared the death list will be large.

SAW TRAGEDY.

Woodbury, June 7.—Burglars effected entrance into Faulkner's store early this morning. Mrs. William Wearley, living nearby, saw the men looting the store and telephoned Marshal Croy. The woman saw from a window a burglar ready to shoot the marshal. She called to him to stay back. Immediately two shots were fired. One pierced Croy's heart, killing him instantly. The burglars escaped.

KNOX'S CANDIDACY.

Washington, June 7.—The candidacy of Senator Knox, of Pennsylvania, for president, has made a favorable impression among politicians here. Although the president has expressed a personal preference for Taft it may be stated without dispute that the white house influence will not be used in favor of Taft against Knox.

A BUSY DAY.

Washington, June 7.—With two speeches, two reviews and a number of receptions President Roosevelt will be kept on the move at the Jamestown exposition Monday, when Georgia day is celebrated. The president will deliver the Georgia day address and make a speech before the National Editorial association.

OAK STAKES.

Epsom, England, June 7.—The classic Oak stakes, which aroused almost as much enthusiasm as the Derby, was won by Glass Doll; Lomella finished second; Lady Hasty third. Fourteen horses started.

TORPEDO BOAT RACE.

Washington, June 7.—An accident marred the races of torpedo boats, which started yesterday from Sandy Hook for Norfolk. The torpedo boat destroyer "Hopkins," one of the Flotilla, broke her propeller, and is now in tow of the "Whipple," bound for Norfolk, where she will be docked as soon as possible.

GRAIN MARKET.

Cincinnati, June 7.—Wheat 90; corn, 57½; oats, 49.

WHEAT SOARS.

Chicago, Ill., June 7.—Upon unexpected reports of extremely poor condition of wheat in Kansas, wheat began to soar again. According to reports Kansas will yield forty million bushels less than last year.

RIVER TRIP.

Washington, D. C., June 7.—Representative Burton made arrangements for the inland waterways commission to meet president at Keokuk, Iowa. There is no change in the plan to stop at Cairo, St. Louis and Memphis.

A party of Paducahans left this morning on the steamer Joe Fowler for Mammoth Cave. In the party were Mrs. Bud Dale, Mrs. J. K. Land, Mrs. J. A. Miller, Mrs. C. G. Warner, Miss Elizabeth Smith of Dallas, Tex.; Miss Callie Lindsey, of Denison, Oklahoma, and Prof. C. H. Shrievs.

City Property Is Exempt From Paying State Taxes

Court of Appeals Holds That Kentucky Cannot Collect For the Cemetery, Lighting Plant and Wharf

GERRYMANDER HAS TO STAND.

Frankfort, Ky., June 7.—The court of appeals today affirmed the judgment of the McCracken circuit court in the case of the commonwealth by Lucas, revenue agent, against the city of Paducah, Judges O'Rear, Nunn and Carroll dissent from the part of opinion, which holds the city's electric light plant, and apparatus exempt from taxation. This case was instituted by Frank Lucas, state revenue agent, to collect state taxes for the cemetery, wharf, market house and city lighting plant. City solicitor Campbell represented the city in the case. The decision holds the city property exempt.

Save State From Chaos.
Frankfort, Ky., June 7.—The court of appeals today upheld the senatorial redistricting act of 1893 in reversing the case of Napier vs. Bisworth from Whitley county. The court says "To hold the act void would be to throw the government into chaos and this no court is required to do."

UTILITIES BILL SIGNED AND IS NOW THE LAW

Albany, N. Y., June 7.—The so-called "public utilities bill" was signed today by Governor Hughes. It places under direct state control every public service corporation, great or small, in the state of New York, with the exception of the telephone and the telegraph. It applies not only to the railroads, street railway and subway lines, express companies, and gas and electric lighting companies, doing business exclusively in the state, but to the business within the state of all railroads or other common carriers which enter the state at any point.

"We have already a big list of entrants," he said today. "We are hanging up purses, aggregating \$1,000 a day, for three days, and this will attract the crowds and the horses. The July meet is a preliminary event to our fall races and fair in September."

"We Mayfield people are pleased to see that Paducah will have races this year, and think you are wise to have the race meet and your horse show at the same time. You don't appreciate the reputation your horse shows have given your town, I predict you will have a great, big out-of-town attendance this year, if you give your usual liberal purses. Some of our Mayfield folks captured some of your best prizes last fall, and they are already training their horses for the show this year."

"As The Sun said last week, Paducah should offer this section several attractions of the nature of horse shows and fairs each year, as our people only need an inducement to come to Paducah."

ANOTHER ACCIDENT AT IRON FURNACE PROPERTY

Falling material in the dismantling of the old iron furnace on South Third street, again caused an accident this morning at 7:45 o'clock, when G. W. Sanderson, 1020 Tennessee street, was struck on the right forearm by a piece of iron, breaking the bones. Dr. J. D. Robertson dressed the injury. Minor injuries have been frequent in the work of dismantling.

Infant Dies.
The 20 months old daughter of Mr. and Mrs. J. F. Ellsworth, of Rowlandtown, died this morning of fever and will be buried this afternoon in Oak Grove cemetery.

Contractor George Welzel broke ground on the Rowlandtown school site this afternoon, and as he has the brick contract in the Jackson street building, he will break ground on that site next Wednesday. Lockwood & Tuttle and Welzel had separate bids on the two buildings.

Paducah Weds.
The finance committee of the general council this morning ratified the sale of the old city hospital property, Fifth and Husbands streets, to Mr. John Holmes for \$3,500, concurring in the action of the lower board. The property is 165 by 392 feet in dimensions.

Manager J. H. Steffen, of the Anheuser-Busch Brewing company, has gone to St. Louis to be gone several days, on business.

Play Grounds.
In my former reports I have called attention to the need of play grounds, and it may be futile for me to make further suggestions along this line, but the need is so urgent

SOUGHT HIS PREY WITH BOMBSHELL

Harry Orchard Continues Recital of Bloody Record

Eighteen Victims Recalled by Witness Against Haywood in Idaho Court.

HOW GOV. STEUNENBERG DIED.

Boise, Idaho, June 7.—Harry Orchard crowned his admissions of grave crimes when, continuing his case against William D. Haywood, he made an explicitly detailed confession of the murder of Frank Steunenberg by an infernal machine, that directly opens the way for his own conviction and execution for the mortal offense. He swore that the assassination of Steunenberg was first suggested by Haywood, Pettibone and himself; was financed by Haywood and was executed by himself, after the failure of an attempt in which Jack Simpkins had participated.

Orchard lifted the total of his own murdered victims to eighteen, detailed the circumstances under which he tried to murder former Gov. Peabody, Judge Goddard, Judge Gabbert, Gen. Sherman Bell, D. H. Moffatt and Frank Herne. Incidentally he confessed to a plan to kidnap the child of one of his former associates.

Then under cross-examination by

the defense Orchard confessed guilt of the sordid crimes of deserting his young child and wife in Ontario, fleeing to British Columbia with Hattie Simpson, the wife of another man, and committing bigamy by marrying a third woman at Cripple Creek.

His voice dropped to a lower key as the pitiful story of the long hunt for Steunenberg narrowed down to the last day and he told of the race from the hotel to the home to beat his victim with the death trap, and the meeting in the evening in the gloom, as the victim walked unconsciously to his doom. Through it all he wined but once and that was when the defense made him name his six sisters and his one brother and give their residences in Ontario and New York.

"I went to Seattle to look at a ranch. Pettibone had told me to do this. He thought it might be a good thing to have a ranch where we could hide whenever it became necessary. From Seattle I went to Spokane and then to Wardner to see Jack Simpkins. I told him what my object was.

Simpkins finally decided to return to Caldwell with Orchard to help in the assassination of Gov. Steunenberg. From Wardner, Orchard and Simpkins first went to Wallace, Idaho.

Had Bomb in Readiness.
Proceeding from Wallace to Spokane, Orchard said he and Simpkins bought ten pounds of powder there with which to make a new bomb, when they reached Caldwell. Simpkins bought a pair of field glasses.

Arriving at Caldwell for second time, Orchard said he registered himself as Hogan and Simpkins as Simmons.

"We tried to locate Gov. Steunenberg at once," said Orchard, but could not. We went out to his residence several times and then finally saw him in the Saratoga hotel on Sunday evening. In the meantime, we had fixed up the bomb, so Simpkins and I took the bomb out and set it under the sidewalk with a string stretched across the walk so when he struck it, it would upset the bottle of sulphuric acid. We went back to the hotel to wait, but heard nothing. After two or three hours we went out and got the bomb. We found somebody had broken the string but had not upset the bottle. We hid the bomb in so mewdes. The bomb was made in a wooden box big enough to hold ten pounds of powder.

"The next time I saw the governor, he was sitting in the Saratoga hotel. I went up to my room and got the bomb and hurried out to the Steunenberg house and planted the bomb by the gate. I then started back to the hotel and when about two blocks away I met Steunenberg on his way home. I ran as fast as I could toward the hotel, but had not reached it when the explosion occurred.

"I went to my room to do up some acid and giant caps and things in a package. As I was doing so a giant cap in my pocket exploded and tore one side of my coat out. I was afraid everybody in the hotel had heard the explosion. I waited a while, but there was no indication that anyone had heard what had occurred in my room. I went down stairs and remained at the hotel until Monday, when I was arrested."

Url George, a mail clerk who was injured in the Santa Fe wreck at Tecumseh, Okla., several days ago, is a brother of Mrs. Patillo Kirk, of Eighth and Clark street, wife of the Illinois Central policeman, and is not expected to live. He is internally injured, and sustained a broken shoulder and hip.

"A Spirit of Anarchy Is Created Among the Pupils"

PROF. E. GEORGE PAYNE

Prof. E. George Payne, Principal of Washington Building, says failure of Board to support Superintendent Lieb has militated against discipline—suggests "School Board Capable of Understanding High School Work"

STUDENTS LIKE EIGHTH GRADE WORK

In accordance with the custom Professor E. George Payne, principal of the High school and Washington school building for four years, today submitted his annual report to Superintendent C. M. Lieb. Professor Payne said:

"In accordance with your request and our usual custom I have the honor to submit to you herewith my fourth annual report upon the condition of the Paducah High school, and the grades of Washington school, together with recommendations and suggestions for improvements."

The High School Building.

"In my second annual report I called attention to the need of some repairs upon the High school building, and something was done but the work of most importance was left undone. The floors should by all means be deadened, the walls repaired, especially in the study hall, and the grades of Washington school, together with recommendations and suggestions for improvements.

Simpkins finally decided to return to Caldwell with Orchard to help in the assassination of Gov. Steunenberg. From Wardner, Orchard and Simpkins first went to Wallace, Idaho.

Had Bomb in Readiness.
Proceeding from Wallace to Spokane, Orchard said he and Simpkins bought ten pounds of powder there with which to make a new bomb, when they reached Caldwell. Simpkins bought a pair of field glasses.

Arriving

Perfect Womanhood

The greatest menace to woman's permanent happiness in life is the suffering that comes from some derangement of the feminine organs. Many thousands of women have realized this too late to save their health, barely in time to save their lives.

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study.

If a woman finds that her energies flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headache, bearing-down sensations, nervousness, irregularities or the "blues," she should start at once to build up her system by a tonic with specific powers, such as:

Lydia E. Pinkham's Vegetable Compound

The great woman's remedy for woman'sills, made only of roots and herbs, It cures Female Complaints, such as Dragging Sensations, Weak Back, Falling and Displacements, Inflammation and Ulceration, and all Organic Diseases, and is invaluable in the Change of Life. It dissolves and Expels Tumors at an early stage. Subdues Faintness, Nervous Prostration, Exhaustion, and strengthens and tones the Stomach. Cures Headache, General Debility, Indigestion, and invigorates the whole female system. It is an excellent remedy for derangements of the Kidneys in either sex.

MUST WAIT

JEFFERSON STREET PEOPLE IN SEWER DISTRICT, NO. 3.

Petition For Extension of Lateral From the Main of District, No. 2.

Residents on Jefferson street, from Thirteenth street to Sixteenth street, will have to wait until sewer district No. 3, to secure sewers. This was decided last night on the filing of a petition asking for the extension of laterals from the No. 2 system. The board received and filed the petition. It is claimed the mains are too small to drain a larger area than originally mapped.

IN CIVIL SERVICE, NO POLITICS.

Roosevelt Forbids Employees to Take Active Part in Campaign.

Washington, June 7.—The rules of the civil service commission have been amended so as to prohibit all persons in the classified civil service from taking an active part in political campaigns.

The amendment was made through an executive order issued by the

president, and is as follows:

"Persons who by the provisions of these rules are in the competitive classified service, while retaining the right to vote as they please and to express privately their opinions on all political subjects, shall take no active part in political management or in political campaigns."

He Fired the Stick.
"I have fired the walking-stick I've carried over 40 years, on account of a sore that resisted every kind of treatment, until I tried Bucklin's Arnica Salve; that has healed the sore and made me a happy man," writes John Garrett, of North Mills, N. C. Guaranteed for Piles, Burns, etc., by all druggists, 25¢.

FRENCH CHIEF TO MEET KING

Fallieres Will Visit Courts of Norway, Sweden and Denmark.

Paris, June 7.—President Fallieres' trip to Norway in return for King Haakon's visit to Paris is assuming large political importance. The president has decided to visit King Oscar at Stockholm and King Frederick at Copenhagen, and there is reason also to believe that negotiations are on foot to effect a meeting between Emperor Nicholas and the French president. Moreover, the Gil Blas today announced that arrangements had been perfected whereby King Edward will reach Christiania simultaneously with M. Fallieres.

Dark Tobacco Warehouse.

Benton, Ky., June 7.—The Dark Tobacco Growers' Protective association met at the court house here and passed the following resolutions: "Resolved, That a committee be appointed to locate a lot and draft a plan for a tobacco warehouse, to be erected thereon, in the town of Benton, and to ascertain the probable cost of same. Said committee is to report at the next meeting which will be at the court house in Benton on Monday, July 1.

Plants Stolen.

Cadiz, Ky., June 7.—We understand some one visited the plant beds of Mr. Dock Waddington, at Caledonia, last Friday night and stole near by every plant he had that was large enough to set.

It is also reported that the plants on a bed belonging to a cropper on the farm of Mr. A. H. Grace, four miles northwest of here, which were sufficient to set several acres, were also stolen by some unknown party a few nights ago.

We have heard of no clue to either

The Plaids in Varied Shades Are Very Popular This Season

The study of fabrics is an interesting feature of the clothing proposition, and it takes a keen foresight to divine what is THE popular fabric for any season.

This summer plaids have attained great favor. Of course The New Store shows a great line of them. They come in light and dark shades—as you may fancy. Of all wool fabrics, twice shrunk before being made up, and then carefully hand tailored throughout in every detail—they mark the perfection mark in ready-to-wear clothing.

We show every popular style and at every price from \$10 to \$40.

Watch our windows for a complete showing of the best in ready-to-wear clothing.

GROCERIES TO MEN AND BOYS

MAD DOG'S VICTIM IS LITTLE GIRL

Graves County in Terror Over The Occurrence

Fulton Man Will Immediately Re-build Carr Structure, Burned By Incendiaries.

MARSHALL'S NEW WAREHOUSE

Mayfield, June 7.—Miss Venice Hendrickson, the ten year old daughter of J. B. Hendrickson, of near Clear Springs, ten miles east of Mayfield, is lying at the home of her father in a serious condition as the result of being horribly bitten by a shepherd dog Wednesday afternoon. Further anxiety is felt on account of the existence of mad dogs in that section and it is feared the dog was suffering with the rabies.

The dog belonged to Ed Williams, a neighbor of Mr. Hendrickson, and was never known to be of a vicious disposition. The little girl was passing along the road in front of the Williams house when the dog attacked her. She was bitten six times on the side and hip and the flesh was terribly lacerated. Her screams attracted the attention of Mrs. Williams and Miss Roxie Lane daughter of Bud Lane, who ran to the victim's assistance and succeeded in beating the dog away, but not before the girl was almost exhausted from the bleeding wounds and excruciating pains. Dr. Hurt was immediately summoned and dressed the wounds. He found the girl to be in dangerous condition and in a serious nervous state from the disastrous experience she had.

Mad dogs have been in that neighborhood recently and, fearing that the animal might have been bitten by some dog, is being kept tied up to await further developments. Mrs. Peter Cox, who lives in that community, has a mad stone and it was applied to the wounds.

Will Rebuild at Once.
Fulton, Ky., June 7.—The two buildings of W. T. Carr, destroyed by Wednesday morning's blaze, will soon be replaced by handsome structures. M. F. DeMeyer, the jeweler, will occupy his old stand in the corner building and all the old occupants of the upstairs offices will want their same location again. Lovelace & Roper will occupy their old stand. The front of the new buildings will be of large plate glass and handsomely arranged to make pretty window displays.

Remarkable Rescue.

That the truth is stranger than fiction, has once more been demonstrated in the little town of Fedora, Tenn., the residence of C. V. Pepper. He writes: "I was in bed, entirely disabled with hemorrhages of the lungs and throat. Doctors failed to help me, and all hope had fled when I began taking Dr. King's New Discovery. Then instant relief came. The coughing soon ceased; the bleeding diminished rapidly, and in three weeks I was able to go to work." Guaranteed for coughs and colds 50¢ and \$1.00, at all drugists. Trial bottle free.

TRIAL OF SCHMITZ UNDER WAY.

First Testimony Heard Against the Frisco Mayor.

San Francisco, June 7.—The opening address for the prosecution by Assistant District Attorney Heney, the partial examination in chief of former Police Commissioner Thomas Reagan, the introduction as evidence of a mass of data from the minute books of the police commission for the years 1904-5, and the questioning in relation thereto of the secretary of the commission, Charles F. Skully, were the incidents that made up the first day's actual trial of Mayor Eugene E. Schmitz for extortion.

Skully will resume the witness stand at the opening of court tomorrow, further to identify and corroborate police commission records. He will be followed by Mr. Reagan, who will complete his testimony and then be turned over to the defense for cross examination.

Heney in his opening statement charged the mayor and Ruef with plotting to "carry on a systematic scheme of blackmail" through the instrumentation of the police commission.

FLOWERS
For beautifying your yards and estimates on flower beds we will call and see you. Phone Schmaus Bros. for the largest and most complete stock of flowers and plants in the city.

Atlantic City, N. J., June 7.—The American Medical Association adjourned last night after adopting a resolution favoring the establishment of a national department of health.
The following officers were elected: President—C. H. Harbaugh, Philadelphia.

Vice-Presidents—L. H. Montgomery, Chicago; T. Millman, Toronto; Dr. Kenric, Syracuse.

Secretary—John G. Monihan, New York.

Dr. Samuel G. Dixon, chief of the Pennsylvania state health department, who made the principal address, said it was the intention to utilize the \$1,000,000 recently appropriated by the legislature to provide dispensaries in each of the 67 counties in the state for the treatment of consumptives.

WILL INVENTORY CITY PROPERTY

Finance Committee of Board of Aldermen Suggests

Street Improvements Considered and Alley Repairs Are Properly Referred.

ALDERMEN IN SHORT SESSION.

The city will hereafter take a semi-annual inventory of city property, this being decided last night by the board of aldermen on recommendation of the finance committee.

The passage of improvement ordinances and other routine work constituted the business of the board in short session.

Alderman Baker was absent. City street light feed wires were ordered removed from the East Tennessee Telephone company's poles.

A street running between Sixth and Seventh, George and Husbands streets, was ordered graded and gravelled, property owners agreeing to dedicate the necessary property.

An ordinance regulating the placing of surface toilet water closets in yards and on alleys, was ordered drafted.

Mayor Yeiser stated that many alleys in the city are filthy and impassable, and stated the average cost for placing them in condition would be \$10 each. He recommended improving them at once, and the board referred it to the street committee for an investigation, to report back recommendations.

Finance Reports.

The report of the finance committee for salaries, accounts, etc., amounting to \$10,112.97 was filed.

A report from the city treasurer, showing a balance of \$19,671.19 in the treasury at the close of May, was filed.

Three extra accounts were presented, one an increase in salary to W. J. McPherson, electrical inspector to \$100 per month, and for a typewriter for Judge D. A. Cross, and a third for a typewriter for Fire Chief James Wood.

Alderman Hubbard stated that he understood that Police Judge D. A. Cross, without asking the boards or consulting anyone, bought a typewriter and had been using it for his private law practice, when he could step across the street and get what official work he had to have done, by the city stenographer.

The committee had recommended allowing the accounts, and the three items were allowed.

A motion to have each department file an inventory of property in its possession with the city auditor on December 31 and June 30 of each year, carried.

Mayor Yeiser was authorized to borrow, if necessary, a sum not exceeding \$10,000, to tide the city over until June tax collections are in.

Ordinances.

Ordinance for sidewalks and gutters on Broadway from the old city limits at the Illinois Central hospital to Twenty-fifth street. First passage.

Ordinance for sidewalks, curb and gutters on Eighth street from Washington street to Tennessee street. Second passage.

Ordinance for grading and graveling Thirteenth street from Flournoy street to Terrell street. Second passage.

Ordinance for grading and graveling Boyd street from Sixth street to Seventh street. Second passage.

Ordinance for grading and graveling Kincaid street from Bridge street 712 feet west. Second passage.

Ordinance for sidewalks, curb and gutters on Ohio street from Third street to Thirteenth street. Second passage.

Ordinance for sidewalks on Fifth street from Clay street to Trimble street. Second passage.

Ordinance for grading and graveling Flinley street from Seventh street to Eighth street. Second passage.

Ordinance for sidewalks, curb and gutters on Tennessee street from Third street to Twelfth street. Second passage.

A ditch to properly drain Oak

street.

SURE TEST FOR CONSUMPTION.

Will J. Gilbert's Success.

Will J. Gilbert, the enterprising druggist, rather than await the ordinary methods of introduction, urged the Dr. Howard Co. to secure a quick sale for their specific for the cure of constipation and dyspepsia by offering the regular 50c bottle at half price.

The wonderful success of this plan was a great surprise even to Will J. Gilbert, and today there are scores of people here in Paducah who are using and praising this remarkable remedy.

In addition to selling a 50c bottle of Dr. Howard's specific for 25c, Will J. Gilbert has so much faith in the remedy that he will refund the money to anyone whom it does not cure.

When your head aches, your stomach does not digest food easily and naturally, when there is constipation, specks before the eyes, tired feeling, giddiness, bad taste in the mouth, coated tongue, heartburn, sour stomach, roaring or ringing in the ears, melancholy and liver troubles, Dr. Howard's specific will cure you. If it does not, it will not cost you a cent.

Grove cemetery and prevent water from running over private property, was ordered dug.

A petition to grade Harris street from Seventh to Eighth street, was referred to the committee to draft an ordinance authorizing the improvement.

An alley between Bachman and Husbands, Ninth and Tenth streets, was reported impassable. Referred for investigation.

The board ordered lot No. 4, block No. 10, on Jackson street, extended to where it would intersect Guthrie avenue, bought from C. K. Wheeler for \$300.

City Engineer Washington was directed to see that houses on South Tenth street west of Husbands street are removed from the right of way, that the city may proceed with street improvements.

A petition asking for the extension from the No. 2 sewer main on Jefferson street from Thirteenth street to Sixteenth street, was received and filed.

Recommendations to change original plans to better the grade of sidewalks on First street from Kentucky avenue to Broadway, on the west side, were adopted.

A long list of alleys in bad repair was presented and referred to the joint street committee.

The report of Chief of Police James Collins was filed.

Licenses.

Applications from James T. Quarles for a saloon license on the east side of the Illinois Central passenger depot, was referred back.

Application from James Rickman, 25 South Third street, for a saloon license. Granted.

The liquor license of A. G. Adkins was transferred from 825 South Third street to 702 Tennessee street.

A petition against granting any one a saloon license at 1418 Bridge street, was filed.

The board refused James P. Smith \$300 for a lot in Oak Grove cemetery, taking back the lot which proved too small. Mr. Smith had bought six other lots instead.

Several deeds and transfers of lots in Oak Grove cemetery were ratified.

A report of Milk and Meat Inspector Ed Farley, for May, was received and filed.

KNOX WILL RUN

ANNOUNCES HIS PLEASURE AT STATE'S SUPPORT.

Is the First Avowed Candidate for Republican Nomination for Presidency.

New York, June 7.—United States Senator Philander C. Knox, of Pennsylvania, last night announced his willingness to become a candidate for the presidency in 1908 should the Republican party see fit to nominate him. Knox's position was made known in expressing his appreciation of the action of the Republican state convention at Harrisburg, Pa., which endorsed him as a candidate for that office.

Knox after expressing his appreciation of the convention's action, said:

Appreciates the Honor.

"I note the convention's reference to the fact that as attorney general and senator I was privileged to aid in the formulation and carrying into legislation and judicial decision those just policies for the protection of the people which have so greatly endeared President Roosevelt to the people. I value the action of the convention approving such public service as I have been enabled to render in the past with satisfaction not exceeded by my gratitude for the unsolicited pledge of support for higher honors and graver duties for the future.

I have too profound a sense of the dignity of chief magistrate and too intimate knowledge of its labors and responsibilities to have sought this endorsement. If, however, the wishes of the Pennsylvania Republicans and the reasons they assign for their action should commend themselves on the national Republican convention I would accept its action with full appreciation of its import."

Prises will receive liberal donations from Mrs. Leathé's wealth.

COMMISSIONER'S SALE.

In pursuance of a judgment of McCracken circuit court, rendered at its April term, 1907, in the action of City of Paducah, plaintiff, against C. W. Warren, defendant, I will, on Monday, June 10th, (about the hour of 10 o'clock a. m.), 1907 (being county court day), at the court house door in Paducah, Kentucky, sell to the highest bidder, on a credit of six months, the following described property, viz:

Lots 11 and 12, block 14, West End Addition, in the City of Paducah, Kentucky. Said lots front on south side of Broadway 50 feet each, and run back towards Court street a uniform width to 169 9-12 feet to a 25 foot alley, to satisfy said judgment, interest and cost.

The purchaser will be required to give bond with approved security, bearing interest at 6 per cent from day of sale, having force of replevin bond, on which execution may issue when due.

This 6th day of June, 1907.

JAMES CAMPBELL, JR.

Attorney.

CECIL REED,

Master Commissioner.

Inside Clothes Information

WHEN you are ready to buy a suit or coat and pants, don't give all of your attention to style, fit and color. Give some thought and study to the workmanship, for it is the main point after all. See precisely how the garment is made in every little detail, and thus be sure that you are getting all that you are entitled to.

Look in the inside. We are always glad to give you "Inside Information."

If you wish to see the best workmanship in the world, examine our Roxboro clothes ranging in price for young men from \$15.00 to \$30.00 and for men \$20.00 to \$40.00. You will see thoroughness, which you had not dreamed of—skill, which did not seem possible. These garments run in all of the newest weaves and colors—grays, browns, blue serges, etc. We would enjoy showing you the "insides".

\$15 to \$40

Our \$10.00 and \$15.00 suits and coats and pants will stand as much inspection as you see fit to give them. You will not find the work slighted even in such popular priced garments. Whatever we sell, no matter how low the price, must be genuine and real and honest and worthy of your respect. So if you have no more to invest than \$10 to \$15 you will get all these amounts can possibly buy.

\$10 to \$15

The Boys' Shop

Inside Information on

Wash Suits

Our line of Wash Suits is by far the most attractive, the largest and the more moderately priced than you will find elsewhere. Surely the daintiest styles are those produced for this season—and they are made—thoroughly and carefully. The very latest novelties are here, and in an assortment that is characteristic of "The Boys' Shop."

They come in Sailors and Russian, in plain duck, chambray, pique and pure linen—plain colors and in combination effects—elaborately trimmed.

NEW DOG AT WHITE HOUSE.
Fighter Is Sent to Take the Place of the Vanquished Pete.

Washington, June 7.—A big, ugly-looking bulldog, with the head of a pugilist and legs crooked into all sorts of shapes, came to the white house today by express. The beast arrived in a crate and with it a letter from S. W. Smith, of Celina, Ohio, who had said he had heard that Pete was getting licked and thought he'd send a substitute.

The dog was addressed to the president. Secretary Loeb was at a loss to know what to do with him, and tried vainly to give him away. Finally in this he was chained up in Mr. Loeb's office.

The white house employees are fearful that Pete will return unexpectedly from the hospital and that when this happens there will be a tragedy unless the Ohio dog is disposed of in the meantime.

She (gushingly)—Don't you love all the fresh, green young things? He (judiciously)—Yes, if they ain't human.—Baltimore American.

The "mesiah" bird of India exceeds all others in its imitative powers.

Notary Public.
My commission expires January 22, 1908.

Daily Thought.
"The best friendship is that which brings out the best in us."

SCHOOL DEFICIT.
The Paducah school board, of which there will be nine and possibly ten members to elect, next June will have to borrow \$25,000. This prediction is founded on conditions at present existing and produced within four weeks, and from which there is no apparent possibility of escape.

The school board has within a month borrowed \$6,500 for current expenses. The board realized \$25,000 from the sale of the Longfellow building and with no other resources available has in the few weeks elapsing since that time incurred liabilities aggregating \$28,242, and paid \$2,240 on a school lot purchased by a previous board. In order to realize any benefit from this expenditure of \$28,242, for school lots and buildings, the board will be compelled to spend \$8,300 more for heating and plumbing, bringing the total liabilities, including the money borrowed, and the payment on a lot already purchased to \$45,282, to meet which the board has only \$25,000. Here is a deficit of \$20,282 to start with.

Not only are these statements facts, but there is no prospect of an increase in school revenue next year, the scholastic census taken by the board showing no increase, and there being no assessment of real estate next year. The revenue then will be approximately \$54,167.12, of which \$34,000 comes from the city and \$20,167.12 from the state. The board has increased the teaching force to 72, whose salaries with those of the superintendent, the superintendent of buildings, janitors and the current expenses will bring the payroll and current expense account to about \$55,000. There will be no funds next year out of which to meet the obligations incurred by this board. The indebtedness is being incurred in the following manner:

The board paid as final payment on the North Twelfth street lot \$2,240. This debt was created by a previous board. The contract for the building on this lot calls for \$10,613. The heating will cost not less than \$1,800, bringing the total cost to make this property available for school purposes to \$12,413.

Happiness comes when a man realizes that he himself could not have improved on this world.

Some people cannot understand that there is a difference between genius and eccentricity.

To Whom It May Concern.
All persons interested in the article printed in the Gazette last week concerning the Dunbar clubs and others organized, will please come to the called meeting to be held at the First Ward Baptist church Monday night, June 10. Respectfully, members of the Hod Carriers' Union, Local No. 2.

His Preference—"Do you favor any particular school of music?" asked the lady. "Yes, indeed," replied the young man who lives in a flat. "I favor the pianissimo school."—Puck.

First Workman—"E said 'e say me 'urry, 'E didn't see me 'urry. 'E must have seen you 'urry. Second Workman (stung to the quick)—'E never saw me 'urry, I never 'urry.—Punch.

The Evening Sun—10c. a week.

the seventh and eighth grades, it is said. There are fewer than a dozen seventh grade pupils in Mechanicsburg. Professor J. A. Carnagey, superintendent-elect, has declared himself in favor of departmental work in the eighth grade, necessitating the assemblage of all the students of that grade in the High school building where the department teachers are stationed. It is not possible that the school board intends to place a half dozen special teachers in the McKinley building to teach their specialties to the seventh and eighth grades.

There is no complaint of lack of room for the present scholastic population of Mechanicsburg in the McKinley building. Its attendance averages fewer to the room than that of the other schools. The members of the committee on boundaries say they will extend its district. How will they do this? At present its district includes all of Mechanicsburg. In order to extend its district, territory north of Island creek will have to be annexed. The only way for pupils to get to the McKinley building from the north side of Island creek is to cross the Sixth street bridge. The Franklin building stands within four blocks of that. In other words, if the boundary of the McKinley school district is extended, pupils in the annexed territory will have to walk to the Sixth street bridge, pass within four blocks of the Franklin building and then go eight blocks beyond that to reach their destination, and, of course, pursue the same course back, entailing some danger to the children as well as inconvenience and discomfort.

Some newspapers suggest that too much national importance is attached to the San Francisco troubles, because the anti-Japanese rioters are a lot of bums. We never heard of the better class of citizens taking part in mob violence.

"Baird," which Mme. Lillian Nordica is to imitate in America, is a great operatic institution, not a French cordian, as is generally believed.

A colored couple crazed with cocaine, made day hideous in the west end yesterday and endangered the lives of citizens by shooting. The police arrested them and they are locked safely in jail. Their offense they will expiate as becomes their guilt. But how about the other participants? Had that frenzied couple killed somebody, most certainly the man, who violated the law by selling them the drug, would have been as guilty of murder as they. He would, in fact, have been more guilty; for they were victims of a habit, ignorantly obeying the dictates of brute appetite. The vender was engaged in a cold blooded, calculating crime to get the filthy money of these ignorant drug slaves, caring nothing for their lives or the lives of the white people, who dwell in their vicinity. We should dearly love to see the fellow, who sold the cocaine, locked in the cell with the other two.

Knox for president, sounds like cœlantes over an interview with H. H. Rogers.

FIRST DISTRICT EDITORS.
We desire to make a suggestion to the newspaper people of the First congressional district upon a matter that we believe is a very important one to us and which we have been thinking about for some time and have mentioned it to a few of our brethren, and that is that we get together at an early date and organize a First District Newspaper league.

Man Who Lost Big Business Will Take to Peddling for a Living.

Trenton, N. J., June 5.—For the last six years the proprietor of the largest department store in Trenton, is organized, and it is becoming very necessary that we should likewise organize more thoroughly. Not only is it very helpful for us to meet together every few months and exchange ideas and know each other better and more intimately. By doing this we not only benefit ourselves but we are enabled to give our people a better and more up-to-date paper.

Let every First district newspaper man that possibly can attend the meeting at Estill this month and let's organize, as some of our central and eastern Kentucky districts have, and get down to business on a more systematic basis. What say ye all? Cadiz Record.

SLIGHTLY HUMOROUS.

Happiness comes when a man realizes that he himself could not have improved on this world.

CITY IS AT FAULT.

Improvements To Alley That Did Not Improve.

Dr. Lillard D. Sanders claims that the board of public works in "improving" an alley on South Tenth street, between Leake avenue and Salmon alleys, caused him to lose four tenants, and to be presented in ordinance court; and in order that justice be done, City Judge D. A. Cross held up action on the warrants until arrangements can be made to remedy the defect by the board of public works, Sanitary Inspector R. F. Barnett and Dr. Sanders. Dr. Sanders was summoned before the court for suffering a pool of water to accumulate in the alley. The pool of water he declares was caused by the board of public works grading the alley with gravel and changing the natural drainage of the alley. He states he has reached an agreement with the board to remedy the matter.

FOR EDDYVILLE— SUNDAY, JUNE 9, 1907

The steamer George Cowling will run an excursion from Metropolis to Eddyville, next Sunday, leaving Metropolis at 7:30 a.m.

This excursion will be first-class in every respect. No disorderly conduct will be tolerated aboard the boat. Come bring your lunch baskets and spend an enjoyable day on the boat. Come bring your lunch baskets and spend an enjoyable day on the Ohio and Cumberland rivers. White people only. Visitors will be shown through the penitentiary at Eddyville. Round trip fare, 75 cents.

PEOPLE AND SOCIAL EVENTS

Birthday Surprise.

Mr. John Lehnhard, the popular Illinois Central engine foreman, was tendered a surprise party last evening in honor of his 26th birthday. Mr. Lehnhard resides at 700 South Twelfth street, and had returned from a hard day's work. His friends rushed in on him unexpectedly, but it was a pleasant surprise. A new game, "Sapolio," was played and following dainty refreshments were served. The gentleman's prize was won by Mr. Lehnhard and the ladies' prize by Mrs. John Schroeder. The booby prize was won by Mrs. James Sirk. Those in attendance were: Mr. and Mrs. John Lehnhard, Mr. and Mrs. John Schroeder, Mr. and Mrs. George Bondurant, Mr. and Mrs. Henry Lehnhard, Mr. and Mrs. Guy Harris, and Mr. and Mrs. James Sirk.

Dance at Wallace Park.

The younger society crowd will have a dance this evening at the Wallace park pavilion in honor of the girls and boys who are at home from college and to inaugurate the summer gayeties.

Alumni Reception to Class of '07.

The Alumni Association of the Paducah High school will receive tonight at the parlors of the Eagle building at Broadway and Sixth streets, in honor of the graduating class of this year. Each member of the association is permitted to invite one guest. Besides these and the guests of honor, there will be only the High school faculty and Superintendent Lieg and members of the board of education. Light refreshments will be served.

Sans Souci Club.

Mrs. David M. Flournoy is entertaining the Sans Souci club this afternoon at her home in Arcadia. It is limited to the club members.

Missionary Tea.

The Woman's Auxiliary of Grace Episcopal church is holding its Missionary Tea for June this afternoon in the parish house parlors. The program is a discussion of the work among the Indians. Mrs. Elbridge Palmer is the hostess.

Carpe Diem Club.

The Carpe Diem club was pleasantly entertained on Thursday evening by Mrs. Anna Harlan at her home on South Fourth street.

Miss Maggie Lydon is the club hostess for Thursday evening, June 20.

Pretty Birthday Party.

Little Miss Clara Selma Harris, daughter of Conductor Henry Harris, entertained yesterday afternoon from 4 to 6 in honor of her ninth birthday. The following guests were present: Misses Ida West, Anita Billings, Eugenia Billings, Frances May, Catherine Thomas, Zola Strid, Estella Gragon, Lois Callahan, Etta McNelly, Bobbie Green, Annie May McKinney; Masters Karl Sigfried, James Beadles, Edmund Storrs, Boyd McKinnie, Carter Ferdinand, Charles Ferrington, Harold Ferrington, Searcy Callahan, Alton Harris, John Henry Harris. Refreshments were served and an enjoyable afternoon spent by all.

Paducah Girls Graduated With Honor at M. C. F. I. in Jackson.

The graduating exercises of the Memphis Conference Female Institute of Jackson, Tenn., were held on Wednesday in the college chapel and were largely attended. An admirable musical and literary program was rendered. Among the thirty-three graduates were: Misses Agnes

Lucile Blackard and Mary Elizabeth Graham, of this city, who both took the A. B. degree. Miss Graham was the valedictorian, and her theme was "Thresholds." Miss Blackard was graduated in music as well as the regular course. Miss Mary Louise Roberts, formerly of Paducah, was another graduate, taking the degree of Mistress of English literature.

Mr. and Mrs. W. J. Hills and daughter, Miss Blanche, will leave shortly for Michigan, to attend the marriage of Mr. Hill's sister.

Mr. and Mrs. W. W. Pope have gone to Akron, O., his former home, to reside.

Mrs. V. B. Sevier, of Jackson, Tenn., has returned home after spending two months with her daughter, Mrs. Finis Lack, on Monroe street.

C. H. Schrieves, science teacher in the High school, will leave today for Bowling Green and Mammoth Cave for a ten days' trip. Later he will go to Middleton to visit and before vacation is over expects to visit relatives in his home town, Boston.

Mrs. Charles James, of Evansville, has arrived from Dawson to visit her mother Mrs. D. L. Sanders.

Miss Bess Luck, of Evansville, is visiting Mrs. George Powell, of Fulton avenue.

Miss Helen Powell has gone to Evansville for a visit.

Mr. C. H. Wyman, of Blandville, is visiting his sister, Mrs. McIntyre, of North Sixth street.

Mr. Jack McCandless, of Memphis, is here on business.

Mr. and Mrs. W. K. Rudolph, of Waxahatchie, Tex., are visiting Mr. Rudolph's parents, Mr. and Mrs. J. L. Rudolph, of Lone Oak.

Principal E. George Payne, of the High school, will leave Sunday for Glasgow, his home. After a short visit to relatives he will attend the Knights Templar conclave. In July he will sail for Germany to enter Leipzig university, where he expects to spend two years.

Attorney Lal D. Threlkeld, of Smithland, is in the city on legal business.

Dr. Lynn Adams of Smithland, was here yesterday on business.

Walter Mansfield and family, of Fulton are visiting relatives in Paducah.

Mrs. Walter Shepherd, of Fulton, is visiting friends here.

Mrs. Mariah Wright, of Mayfield, is visiting her daughter, Mrs. Fred Green.

Mrs. Clay Lemon and son, of Mayfield, have gone home after a visit to Mrs. Lemon's parents, Mr. and Mrs. Joe Miller, of South Sixth street.

Miss Florence Loeb returned last night from school in Indianapolis to spend the summer vacation.

Miss Sue Smith, a teacher in the High school, will go to Iowa to spend her vacation.

Miss Harvey Amoss, of Cobb, is visiting Miss Vera Johnston of Sixth and Clark streets.

Mr. W. K. Coolidge, of Memphis, is visiting Mrs. Leslie Soule, of Fifth street.

County Attorney G. C. Edwards, of Marshall county, is in the city on business.

Mr. Samuel Rennick, of Mayfield, is in the city.

Judge R. L. Shewell, of Benton, returned home this morning after a business trip to the city.

Attorney John G. Miller went to Murray this morning on professional business.

Mr. Sebree Hale returned from Frankfort this morning.

Miss Carrie Blythe will visit relatives in Tennessee during the summer.

Mrs. H. E. Leming and son Harry returned this morning from Seattle, Wash., where they spent the winter. Patrolman James Brennan is taking his ten days' vacation.

Miss Iona Seger and Mr. James Perine, of Anna, Ill., who have been visiting the Misses Beyer, of Fifth and Monroe streets, have returned home.

Mr. David Sanders, of San Antonio, Texas, was in the city today to visit relatives. He left Mrs. Sanders in San Antonio, where she is slowly improving from her serious illness and operation for appendicitis. He returned today.

Mrs. Chris Miller, of Sixth and Trimble streets, is recovering from an injury to her left foot.

Miss Mabel Berry visited in Cairo yesterday.

Mr. and Mrs. James C. Utterback and children went to Owensboro this morning to visit.

Mr. Noah English, fireman at station No. 1, was carried from the Riverside hospital to his home, on South Eighth street, today after a successful operation for appendicitis.

Miss Ruth Shepherson, of Wickliffe, is visiting her sister, Mrs. Frank Hull.

Miss Virginia Newell left yesterday for Paris, Tenn., to visit her sister, Mrs. Richard Dunlap. Just before leaving she received a telegram saying that the baby of Mr. and Mrs. Bomar Sweeney, of Grenada, Miss, was very low and not expected to live. Mrs. Sweeney was Miss Estelle Newell and has many friends here, where she lived at the time of her marriage.

Notice to Colored People.
All the colored voters of this city, women and children, are respectfully requested to be present at the First Ward Baptist church Monday evening, June 10th at 8 o'clock. It is of interest to attend this meeting. Able speeches by able speakers on questions affecting the welfare of the race.

C. W. MERRIWEATHER,
Chairman Committee.

IN THE COURTS

In Bankruptcy.

Referee in Bankruptcy E. W. Bagby made three orders this morning in the bankruptcy court.

W. W. Duly bought property for something over \$2,000 in the sale of property in the J. H. Nelson & Sons' case, from Livingston county, and held a \$1,000 mortgage. Referee Bagby directed the trustee to credit the sale bond by this amount.

A homestead was ordered set aside as exempted for the bankrupt in the case of John F. Watson, Livingston county; and the remainder of the property, after due appraisement, sold. The remainder of property will amount to about \$3,000.

Hearing of a petition asking for a \$250 fee by Attorneys Eaton & Boyd in the case of John L. Wanner, was set for June 20.

James Jackson, colored, filed a petition in bankruptcy this morning giving liabilities amounting to \$70.60 with no assets.

Police Court.

Will Flat, colored, was held over to the September grand jury for house breaking. He is alleged to have broken into the store house of A. N. Ross, in Mechanicburg, and stolen corn and a lot of metal.

Other cases: Jim Campbell, colored, breach of ordinance, dismissed; G. Nassier, drunk and disorderly, \$1 and costs and suspended under condition he leave the city at once, never to return, which he accepted.

Marriage License.

Ed Rudolph to Minnie Vaughan.

WOOD ALCOHOL MENACE TO EYE

Blindness Follows Use of Medicines Exposed by Agricultural Department.

Washington, D. C., June 7.—A campaign against the use of wood alcohol in medicinal preparations has been inaugurated by the agricultural department. Dr. Kebler, who is prominent in enforcing the pure food and drug law, is authority for the statement that the use of wood alcohol will be stopped. The agricultural department is prepared to go to the limit in carrying out this policy, for wood alcohol, used in medicinal preparations, has caused many persons in this country to become blind. The danger is increasing, too, for manufacturers, thinking to avoid the full effect of the recent law, have taken to substituting wood alcohol for the ethyl alcohol. This is being done so extensively as to become a positive menace in the view of the agricultural department.

The use of wood alcohol is not usually indicated with plainness by manufacturers. They commonly adopt an abbreviation of the technical name "methyl" alcohol, and upon labels frequently the only thing to point out the presence of wood alcohol is something like this: "Meth."

Then, too, it is a common custom to place this abbreviation at the end of the full title, so that it is only an experienced chemist whose suspicion is aroused. The danger in the use of these methyl compounds is declared by the department to be serious, loss of eyesight being the inevitable result of repeated doses. The department will use every power in its possession to put an end to the use of wood alcohol, but meanwhile the plain citizens will do well to fight shy of every medicinal compound which has "meth" or "methyl" on the label.

The execution of the new law is affecting in a humorous way the labels upon what have been commonly regarded as foreign preparations. It develops in some cases that preparations bearing French labels, and heretofore popularly supposed to have been made in France, are of American manufacture, after all.

You must have been dreaming of some one proposing to you last night, Laura. How is that? Why, I heard you for a whole quarter of an hour crying out yes!—Flegende Blaetter.

If death came to call on a man more than once, the man might lose his respect for it.

FOR RENT—Seven room house, 527 North Sixth. All modern conveniences. Apply 533 North Sixth.

WANTED—Position by first-class stenographer. Address 1209 Jefferson, Phone 621.

CLOTHES cleaned and pressed All work guaranteed. Solomon, The Tailor, 113 South Third street. Phone 1016-a.

FOR RENT—Nice three-room cottage, 1100 South Fourth street. Apply to S. A. Hill, 1102 South Fourth or telephone 964.

EIGHT lady or gentlemen agents to canvass city. Good new proposition. Call 206 South Third street. Phone 110.

ONE OF THE PRETTIEST small registered stallions for service is at Bleeker's farm on the Mayfield road. He has to be seen to be appreciated.

LOST—Signet bracelet with initials G. L., between Wallace park and Jefferson. Return to F. New Richmond Hotel, for reward.

FOR RENT—Four rooms, all conveniences, over my store. Solomon, The Tailor, 113 South Third. Phone 1016-a.

Par Excellence.

Lantz's Red Kidney Pillets are now sold direct to the public through the drug stores in 50-cent boxes.

Formerly they were sold only to physicians and were dispensed by them in their practice.

Just read this letter from a prominent Chicago physician. Could any stronger testimony be offered for Lantz's Red Kidney Pillets?

Gentlemen:—Please send me without delay 1,000 more of your Lantz's Diuretic Pills. I would not be without them. They are par excellence and I am finding new uses for them every day. In one case of Hemorrhage of the bladder, patient passed one quart of blood in one hour; relief came from the Diuretics after other remedies failed; and after the third dose there was no more bloody passages and no pain. In gleet and gonorrhea they are excellent; in old men who have difficulty in urinating,

peculiar to their age, I would always prescribe Lantz's Diuretic Pills.

H. STEELE SPARROW, M. D.

You will note in the above letter that the doctor speaks of Lantz's Diuretic Pills. As we told you in a previous announcement in this paper the name was changed from Lantz's Diuretic Pill to Lantz's Red Kidney Pillets at the time that we decided to demand that the assistance at shows, entertainments, etc., not interfere with school work.

The attendance in general has been good, and the growth of the High school in the last four years has been remarkable. At the opening of the school next year the enrollment will be just about twice what it was four years ago (counting increase by entrance the same as it has been in the past three years) and this, too, with the requirements for entrance to the High school raised practically one year. This increased attendance has been due to the fact that we have broadened and enriched the course of study, making out of the school a real High school that has had the recognition of the leading universities of the central and western states. The broadening of the course of study, the introduction of literary features, and the freedom allowed to students within reasonable limits have created an interest in school work and have aroused a school spirit. The students are beginning to feel that the greatest success of the school must depend upon them, to feel the need of co-operation with the faculty to secure the best results for themselves.

SPIRIT OF ANARCHY

(Continued from page one.)

it entails certain obligations on the part of the parents, and one of these seems to be, not to allow irrelevant features to interfere with their school work as they have done in the past. The Board of Education should make a rule giving the principal power to demand that the assistance at shows, entertainments, etc., not interfere with school work.

"The attendance in general has been good, and the growth of the High school in the last four years has been remarkable. At the opening of the school next year the enrollment will be just about twice what it was four years ago (counting increase by entrance the same as it has been in the past three years) and this, too, with the requirements for entrance to the High school raised practically one year. This increased attendance has been due to the fact that we have broadened and enriched the course of study, making out of the school a real High school that has had the recognition of the leading universities of the central and western states. The broadening of the course of study, the introduction of literary features, and the freedom allowed to students within reasonable limits have created an interest in school work and have aroused a school spirit. The students are beginning to feel that the greatest success of the school must depend upon them, to feel the need of co-operation with the faculty to secure the best results for themselves.

Course of Study.

"In this connection I wish to suggest some changes in the course of study in the High school. I would suggest that the first and fourth years in history be required, instead of the first and second, that no credit in Latin be given for less than four years of work, and that every student be required to do the full four years of English. I recommend the introduction of manual training, a commercial course, and the opening of a night school. I will discuss each of the last three recommendations separately in this report.

Discipline.

"The discipline in the schools this year has been the most serious proposition of any since my connection with the schools. The failure of the board to support you has left the principals without support, and created a spirit of anarchy among the students. We have felt that an attempt to enforce strict discipline would not be upheld. Under such conditions it is no wonder we have had trouble, rather the opposite would be a surprise. If the highest authority in the schools (The Board) disregards order and discipline we can not expect students to heed it to any great extent.

Qualifications of Teachers.

"There is no more vital question that concerns the principal than that of the qualifications of the teachers under his charge. In this respect I do not expect to set up ideal requirements, but rather to indicate what is the lowest requirement that any reputable high school can have, so that the board may not allow the standard of the schools to be entirely destroyed.

"For the past four years we have insisted that each teacher have the equivalent of a four years' college course in the line of work she teaches. This should be the minimum requirement and any lower standard is fatal to the school. Our students can now enter reputable universities without examination, this they can not do if the standard is lowered. Several of our students in the last few years have attended the best schools in the country because of this fact. Shall we deny worthy pupils this inestimable privilege and deny the community the culture resulting therefrom to satisfy the whims of certain persons who do not and can not know the needs of the schools. Citizens interested in the progress of the schools and the community should protest.

"It is easy to see that a person who has not studied in a university can not successfully teach what the universities require. It is also clear that a certificate of a principal who is not university trained man will avail nothing in securing entrance. However, entrance to reputable universities is not by any means the most essential consideration. The universities represent the advance movement in education, and there is no way to catch their spirit or acquire their standard of work without taking a thorough course in one.

"A higher standard of qualifications should be required of beginning teachers in the grades. The enriching of the course of study in the grades can only be accomplished through trained teachers. Especially do we feel this need among the students who come to the High school from the grades. These pupils are almost wholly unacquainted with elementary science (Nature Study), mythology, the heroes of ancient history, literature, the functions of municipal and state government, etc.; the very basis of our High school work. It is absolutely useless for a principal to try to do the work that is the most vital and essential without thoroughly trained teachers.

Salaries.

"In order to bring the profession up to what it should be, the board must increase the salaries of the teachers. It is a mere pittance that our worthy teachers receive and the poor ones are costly at any price.

Manual Training.

"In my first annual report I called attention to the need for the intro-

duction of the manual arts into the schools. I wish to say a word further upon this subject and give a word in encouragement of the alumni who are now trying to introduce this work. Aside from the practical value of the means of arousing interest and increasing the attendance of the boys, the manual arts have a deeper significance in the training of children. It has been urged for some time by the leading educators that manual training had a cultural value as other subjects in the curriculum. Since the child, because of his environment in the city, is deprived of certain essential motor activity, the practice in the manual arts are necessary to his mental development. His acquaintance with objects is necessary, and this can only be had by the handling of objects. This fact necessitates the introduction of manual training in the lower grades. This work was begun three years ago and has been carried on as far as the teachers have been able with the material furnished and their information upon the subject. This work should be extended in the grades and the teachers should be required to prepare themselves to do the work. Not only should the work be carried out in the grades, but it should be introduced into the High school. I should be pleased to make further recommendations and say to what extent the work in manual training could be successfully carried out at the present time, at a reasonable expense, if there is a possibility of it being introduced.

Commercial Course.

"There is an increasing demand in the city for work along commercial lines. I believe there is sufficient demand to warrant offering work along that line. This course should be free from all suspicion of resemblance to the ordinary business college course. It should be broad and comprehensive, including history, economy, civics and business law as the major subjects. I would suggest that the course require the same units of credit for graduation as is required in the literary departments, and that book-keeping and short-hand be made a part of the course. Such a course would give those persons wishing to enter upon a business career a clearer view of the business world and their relation to it. I consider this an essential requirement in the High school now and the work may be offered with practically no additional expense.

Night School.

"Two years ago I urged that the board of education establish a night school in connection with the public schools, to afford a means of education for worthy young men who are compelled to work during the day. As I have studied the situation very closely since I am more impressed with the need of this important feature. If the ideal is correct that the schools are to serve the community, that I know of no better way of rendering service for the expense incurred. When I made the recommendation I offered my services free of charge in order that this benevolent movement might be inaugurated. While I shall not remain here I wish to urge the necessity of beginning a work of this kind. The work can be instituted at small expense and it will result in inestimable good.

Music.

"I would respectfully suggest more attention be paid to music in the High school. Music is especially an essential part to a girl's education, and as a large per cent of our students are girls, music should have a more prominent place in the curriculum.

The Seventh and Eighth.

"It is generally reported from presumably authoritative sources that the department of the seventh and eighth grades as it has been operated in the past three years, will be changed, and the grades placed back in the ward buildings as before. If this is to be done, I am not willing it to be carried out for the satisfaction of a personal feeling on the part of a few people who know absolutely nothing of the educational value of the present arrangement. I shall at least give a protest by way of an explanation of the advantages of the present system.

"The question is often asked whether the present arrangement in the seventh and eighth grades is altogether a success. I always answer no, but the degree of failure is not due to the lack of the work being conducted upon a correct principle.

"Whatever failure has occurred in the past three years has been due to the board of education not providing qualified teachers for the work. Most of the teachers have been thoroughly equipped and are doing excellent work, but weak ones from time to time have seriously impaired the department. This defect may be easily remedied. In the first place by looking only to a standard of merit in employing teachers (and this by the way should apply in all cases as I am convinced is not now the case) and in the second place is to pay salaries commensurate with the extraordinary effort put forth in this work.

"We can not keep good teachers at the salaries now paid. With these two defects remedied, which is an easy matter, the work of the department can be made thoroughly effective.

"I wish to note some of the advantages of the department work. The teachers that do special lines of work are better able to do it well. They can work in harmony with the teachers in the High school in their special departments and readily fit the pupils for the High school, thus avoiding the gap between the High school and the grades, the most important feature in working out the course of study. It will afford the student the advantage of being promoted, and not retained in the grade because of his

inefficiency in one or two subjects. This prevents the loss of interest in having to go over subjects with which the student is perfectly familiar. Another very decided advantage is the closer relation that has existed between the High school and the grades and the greater number entering the High school from the grades. The students have learned to do more independent work, and discipline themselves, as they are not so immediately under the eye of the teacher. These advantages are so clear that even the pupils themselves are practically unanimous in this their wish to remain here. Out of the two hundred and fifty pupils less than a dozen are willing to return to the ward buildings. This estimate is taken from an actual census and is not a mere guess. There are many other reasons why the seventh and eighth grades should remain in the Washington building, but space will not allow us to mention more of them here.

A Final Word.

"If you will allow me to suggest I would say that the greatest need is an educated school board that is capable of understanding the work of the High school, at least, if they can't understand the underlying principles of education. How can people plan the work of a High school or understand its needs or know how to contribute to its advantages who have never seen a high school at work. And worse still contains members who boast of never having gone above the fourth grade and believe themselves in a position to dictate the policy of the school without consulting superintendent or principal. It is ridiculously absurd. I believe that the only remedy is special legislation whereby we can have a less number on the board and those elected from the city at large.

"My greatest disappointment has arisen from the fact that the people of the community have taken so little interest in schools since my connection with them. We have used every means within possible limits to arouse a more thorough interest and co-operation. There is no hope for permanent advancement without this. We have been greatly gratified in the past few months that the Alumni and the Woman's club have been aroused and are putting forth every effort to prevent the lowering of the standard of the schools. They are working in a practical way, and although there may be retrogression now I feel sure that the ultimate result will be a better school system.

"I wish to thank you for the cordial support that you have always extended to me in carrying out the work that we have undertaken in the past four years. In the first three years of our work here the advance in the schools was very marked, and the retrogression of the past year has been against your most emphatic protest. Within the limits set by the board you have given me perfect freedom to work out the school problem, holding me responsible for results, and ever extending encouragement and assistance. It is due to your unstinted support that our successful discipline has been possible. For this support I wish to thank you on my own behalf and on behalf of the teachers under my charge.

"I wish to say further (and to explain some things that I have said in these recommendations) that some of the board members are of sterling worth as men and as school men. It is so patent to the people of the city and to you, the ones who have tried to dissipate your efforts in building up the school that I need not mention names."

Very truly yours,
E. GEO. PAYNE, Principal.

COMMISSIONER'S SALE.

In pursuance of a judgment of McCracken circuit court, rendered at its April term, 1907, in the action of City of Paducah, plaintiff, against T. O. August, defendant, I will, on Monday, June 10th, (about the hour of 10 o'clock a. m.), 1907, (being county court day), at the court house door in Paducah, Kentucky, sell to the highest bidder, on a credit of six

Dandelion

Removes the Cause of Kidney Trouble.

Guaranteed under the Pure Food and Drug Act, June 30, 1905. Serial Number 3517.

A healthy kidney is a filter. The blood goes in one end of the kidney full of poisonous and waste material. It comes out from the other end perfectly pure. Like all filters the kidneys get out of order. The trouble is only slight at first, but rapidly becomes dangerous if neglected, because the kidneys become choked with refuse, and the result is a leaking filter, full of holes and ulcers, with the natural consequence that the whole system becomes poisonous and the blood contaminated with uric acid. Dr. Edwards' Compound Dandelion Tablets act directly upon the kidneys and remove the cause of the trouble. In other words, they repair the leaking filter and make it clean and healthy. Get a box today.

I recommend the introduction of manual training, a commercial course, and the opening of a night school. I will discuss each of the last three recommendations separately in this report.

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness; chronic bowel affections, and all catarrhal diseases of which the region, air, or matter. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their results, as bronchial, throat and lung disease (except consumption) accompanied with severe coughs. It is also a specific for acute colds, fevers, but for lingering or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all above named afflictions by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hale, of the Univ. of Pa.; Prof. Finley, Ellington, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John McVay, M. D., of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine ever sold through dealers for like purposes, and has had such professional endorsement—**MUCH MORE THAN ANY NUMBER OF ORDINARY TESTIMONIALS.** Open publicity of its formula is the best possible guarantee of its merits. A glance at this public formula will show that the "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung diseases. It is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glycerine extract of native, medicinal roots and is safe and reliable. A booklet of extracts from eminent, medical authorities endorsing its ingredients mailed free on request. Address DR. R. V. PIERCE, Buffalo, N. Y.

CHAPTER II.

ON Friday evening, March 19, a thunderstorm of unusual violence broke over London. It was notably peculiar in certain of its aspects. The weather was cold and showery, a typical day of the March equinox. Under such conditions barometric pressure remains fixed rather than variable, yet many whose business or hobby it is to record such facts observed a rapid shrinkage of the mercury column between the hours of 6 and 7. A deluge of rain fell for many minutes and was followed about 7:30 p. m. by a mad tumult of thunder and an astounding electrical display not often witnessed beyond the confines of the great mountain ranges of the world.

So violent and unnerving was the outburst that the social life of London was paralyzed for the hour. The after parties, diners in the fashionable restaurants, the greater millions anxious to get away from offices and shops, those eager alike to enter and leave the charmed circle of the four mile radius, were ruthlessly bidden to wait while the awesome forces of nature made mad racket in the streets. All horseflesh was afraid. The drivers of cabs and omnibuses were unable to make progress. They had sufficient ado to resum their maddened animals from adding the havoc of blind charges through the streets to the general confusion caused by the warning elements. Telegraph and telephone wires became not only useless, but dangerous, and the suburban train service was consequently plunged into a tangle from which it was not extricated until midnight.

So general was the confusion, so widespread the public alarm, that the sudden cessation of the uproar at 8 o'clock caused more prayers of thankfulness to be uttered in the metropolis

The boy and the girl found themselves standing on the sidewalk close to the ruined vehicle.

"You have saved my life!" said the girl sweetly and without any trace of the nervousness which might naturally be expected after such a narrow escape from a serious accident.

The boy noted that her eyes were large and blue, that she wore a great shining ornament in her hair and that she appeared to be dressed in somewhat fanciful manner, though the big cloak she wore concealed the details.

The door of the mansion opened, and servants came running out.

Suddenly the boy received a violent blow on the side of the head.

"Confound you!" shouted the man who had fallen on the pavement, "why didn't you get out of the way when I told you?"

The boy, astounded by such recognition of his timely help, made no reply, but the girl protested vehemently.

"Oh, uncle," she cried, "why did you strike him? He got safe out of the carriage just before it turned over. He did, indeed!"

Another vivid flash of lightning illuminated the scene. It lit up the group with startling brilliancy. The boy, still somewhat shaken by the vicious blow, was nevertheless able to see clearly the pale, handsome, but dissipated features of his enraged assailant, whose evening dress and immaculate linen were soiled by the black mud of the pavement. The girl, dainty and fair like, a little maid of aristocratic type, and of a beauty that promised much in later years, was distressed now and almost tearful.

Through the crowd of frightened servants, augmented by a few daring pedestrians, a burly policeman, gigantic in waterproof overalls, was advancing with official bluster.

"What has happened?" he demanded. "Is anybody hurt?"

The man answered: "My horses were startled by the storm. I jumped out and was endeavoring to extricate my niece when this wretched boy got in the way."

"Uncle," protested the girl, "closed the door on me, and the boy"—"Shut up!" he growled curtly. "Go

The Magic No. 3.

Number three is a wonderful mascot for Geo. H. Parris, of Cedar Grove, Me., according to a letter which reads: "After suffering much with liver and kidney trouble, and becoming greatly discouraged by the failure to find relief, I tried Electric Bitters, and as a result I am a well man today. The first bottle relieved and three bottles completed the cure." Guaranteed best remedy for stomach, liver and kidney troubles, by all druggists 5¢.

REPORTS ON JAPANESE RIOTS

Governor of California Sends Secretary Root Details of Trouble.

Washington, June 7.—Supplementing his telegraphic reply to the inquiry of Secretary Root regarding the most recent of Japanese disturbances in San Francisco, Governor Gillette of California, has submitted a mail report covering in detail the outbreak of the trouble in the Japanese "Horse Shoe" restaurant and its extension to the bathhouse opposite. The governor's statements are practically the same as those contained in the news dispatches.

The Japanese account as it reached the embassy from the consul general at San Francisco is in conflict with the other reports in ascribing the incident principally to an outbreak of race feeling.

Information has been received here to the effect that the Japanese consul general in San Francisco is contemplating bringing a suit against the City of San Francisco for damages incurred by the owners of the "Horse Shoe" restaurant and the Foisom bathhouse. It is understood that the Japanese will be perfectly satisfied with a judicial determination of the case.

Cheaper than wood alcohol, it also burns without any of its offensive odor. Next time try it in your chafing dish or alcohol heater; it will be a revelation to you. Be sure to phone WINSTEAD'S, for no other Paducah druggist handles it.

Both Phones 756.

SLAIN BY HER BROTHER-IN-LAW

Woman Murdered and Man Writes He Will End His Own Life.

Minneapolis, June 7.—The body of Mrs. Catherine McCart, who had been missing since May 24, was found today in a well on the farm of George Kadelbach, her brother-in-law, a few miles from the city. Her skull had been crushed in, and it was evident that she had been murdered.

While detectives were at work trying to solve the mystery, Henry Clasen, the woman's brother, received a letter from Kadelbach, mailed at Delano, saying that he had killed the woman, and that he intended to take his own life.

"Katie's to blame for this and I am a fool for it," the man wrote. He said the woman, for a year, had wanted to form a suicide agreement with him, and that finally he had killed her, intending to take his own life, but had weakened after murdering her. He gave directions for the care of his estate, but did not tell where his body could be found.

The more a man knows about any subject the more cautious he is about discussing it.

Bankruptcy Notice.

In the District Court of the United States for the District of Kentucky, in bankruptcy.

In the matter of William R. Hayes, a bankrupt.

On this 5th day of June, A. D., 1907, on considering the petition of the aforesaid bankrupt for discharge, filed on the 5th day of June, A. D., 1907, it is ordered by the court that a hearing be had upon the same on the 22nd day of June, A. D., 1907, before said court, at Louisville, said district, at 10 o'clock in the forenoon, or as near thereto as practicable; and that notice thereof be published 1 time in *The Paducah Sun*, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at said time and place and show cause, if any they have, why the prayer of said petitioner should not be granted.

Witness the Honorable Walter Evans, judge of said court, and the seal thereof, at Paducah, in said district, on the 5th day of June, A. D., 1907.

SCHOOL CONTRACTS

WILL BE PREPARED AND SUBMITTED NEXT MONDAY EVE.

Trustee H. C. Brame, Who Has Contract For Building Did Not Resign His Seat.

Senator Wheeler Campbell was present last night when the contract to be signed with the successful bidders on the two new school buildings were read and noticing several errors, offered to read the contracts over professionally as a favor to the board. He had come with C. K. Wheeler and City Solicitor James Campbell, Jr., in anticipation of an opposition to the awarding of the contracts that failed to mature. It was found that the contracts were faulty and the board ordered a committee to meet with Senator Campbell today to draw the contracts. This committee composed of President List and Trustee Kelly will have everything ready but the signing, for another adjourned meeting next Monday night. At this meeting also, the colored school teachers will be elected.

To lose no time, the contractors with the successful bids, Lockwood and Tuttle for the Jackson street building, and George Weikel for the Rowlandtown building, were directed to go ahead and break ground this morning.

Trustee H. C. Brame, who secured a contract for improving the McKinley building, did not tender his resignation.

Similarity.

"That defeated racing auto over there reminds me of good money."

"That's an odd comparison. Why does it remind you of good money?"

"Because everybody can pass it."

STRANGE PLEA TO ROOSEVELT REVEALS DOMESTIC TRAGEDY.

Detroit Woman, Demented, Sends a Telegram Asking for \$50,000.

Detroit, Mich., June 7.—The following message was forwarded from the offices of the Western Union Telegraph company this morning:

Theodore Roosevelt, President, Washington, D. C.—Please wire me at \$50,000, (fifty thousand dollars) at once from the United States treasury to save the American cause.

ESTELLE S. STEVENS.

903 Twelfth street, Detroit, Mich.

A visit to the home of the sender developed the fact that she had had nothing to eat for several days and had been served by the landlord with a five days' notice to leave her home for non-payment of rent. On the wall were a large portrait of President Roosevelt and an honorable discharge of her deceased husband from the army in 1865, after four years' service. The woman is temporarily demented and will be cared for.

A corner in grain isn't necessarily on the square.

MAY BE CHANGES ON I. C. DIVISION

Trainmaster L. E. McCabe Called to Chicago

Rumors of a General Shake Up Have Kept Railroad Men on Tiptoe of Expectancy.

GOSPIPP OF RAILROAD MEN

There is "something doing" in railroad circles which may have a direct effect on Paducah and the Louisville division, and local railroad employees are looking forward to developments with interest.

Yesterday afternoon a telegram called Trainmaster L. E. McCabe, of the Paducah district of the Illinois Central, to Chicago on "important business." He left on the Cairo accommodation passenger train at 6:15 and was accompanied part of the way by Traveling Engineer B. J. Feeney and Master Mechanic R. E. Fulmer.

Rumors of changes on the Louisville division coming from authoritative sources have been going the rounds for several weeks, and the latest is that the report of transferring Superintendent A. H. Eggin is to be confirmed, and Trainmaster McCabe appointed to fill the vacancy. An official denial that Mr. Eggin is to be transferred was made by Mr. H. McCourt, superintendent of southern lines, of the Illinois Central, but changes are never given out far in advance of the date.

Engineers Jesse Spinner and Tim Austin, of the Illinois Central, are laying off on account of illness.

"Do you know why that wrecking crew is picking up old iron about the yards, and why the road prosecuted persons carrying away brass, copper, and other metals found in the yards?" inquired a railroad man. "Because if it did not, it would lose thousands of dollars annually. Every piece of iron is saved and melted up again to be wrought into shape for further service. Scrap iron dealers would send out scouts to work the yards in every city if we did not prosecute. Annually the road saves thousands of dollars, even saving the brass fittings from journal boxes."

Mr. C. A. Mulhall, of Grayson Springs, chairman of the local Order of Railway Telegraphers, was in Paducah last night on business, going east to Louisville at 7:45 o'clock this morning.

Firemen A. Bowland and J. W. Crow, of the local Illinois Central, are ill and off duty.

Fireman C. S. Slayden is ill and off duty.

Mr. W. A. Carter, coach inspector for the Illinois Central, is ill and ready to be on duty, and Mr. Joe Henley is acting for him.

A drunken man tried to take charge of the Illinois Central depot this morning and convert the waiting room into a lodging apartment. Patrolmen Orr and Sanders gave him two minutes to "skidoo" and he "hit off" down the track at 10 miles an hour in a pouring rain.

Messrs. David Kennedy and Roy Christman, engineers on the Illinois Central between Paducah and Louisville, and Paducah and Evansville, have returned from Salt Lake City after a month's visit for their health.

The Illinois Central railroad pay car will arrive in Paducah this month on the 17th. It will come from Mounds Ill., and proceed south, passing through to the Louisville division several days later.

The Evening Sun—10c. a week.

HIGH TRIBUTE

MR. IRVIN COBB COMPLIMENTED FOR HIS WORK.

London Gazette Says He "Never Penned a Single Slovenly Phrased Sentence."

An article in the London (England) Gazette of April 13, giving a resume of the Thaw trial, pays the following fine tribute to Irvin S. Cobb, formerly of Paducah:

"The activity of New York journalists has eclipsed all American court records. The most industrious of all has been Mr. Irvin S. Cobb, the brilliant descriptive writer of the Evening World, who has written 650,000 words since the trial began.

"The first day that Evelyn Thaw was cross-examined he wrote 12,800 words in less than six hours. He has been the marvel of the whole court, never having penned a single slovenly phrased sentence."

WINS HONOR AT SCHOOL AND PLAY HIGH SCHOOL BASEBALL TEAM TODAY.

Will Go to Bishop, California, After Brief Visit to Take Up His Life's Work.

Have Met Before and Washington Building Lads Have Been the Victors.

The friends of Mr. Robert Acker will be glad to learn of his success. A fine position with a big firm in Bishop, Cal., has been accepted by him and after a short visit to his brother in Cincinnati he will leave.

The Lyda left this morning for the Cumberland river after ties.

The

City of Saltillo arrived at 3:30 o'clock yesterday from the Tennessee river and left after allowing the passengers to see the city, for St. Louis.

The Martha Hennen is bringing a tow of logs down from Smithland.

Lumber covered the decks of the Kentucky last night on the arrival from the Tennessee river. The Kentucky will leave Saturday evening for the Tennessee river.

The Dick Fowler left in the drenching rain this morning for Cairo and probably will return tonight in another.

A crowd of Paducahans left this morning on the Joe Fowler for Mammoth Cave. They will take another boat at Evansville, to go to the cave.

Official Forecast.

The Ohio, at Evansville and Mt. Vernon, will continue rising during the next two days. At Paducah and Cairo, will continue rising during the next three days. The maximum stage at Cairo will be close to 34 feet.

The Tennessee, from Chester to Cairo, will continue rising during the next 24 to 36 hours.

The Mississippi, from Memphis to Cairo, will continue rising during the next 24 to 36 hours.

The Wabash, at Mt. Carmel, will

continue rising during the next 36 hours, reaching a crest stage, or between 17 and 17.5 feet.

TWO MENTIONED FOR JUDGE GORDON'S PLACE

Frankfort, Ky., June 7.—Congressman Oliver M. James and Clem Nunn, of Marion, were here today conferring with Governor Beckham relative to the rumored resignation of Circuit Judge J. Flemon Gordon, of the Crittenden judicial district. They recommended Attorney John W. Blue, of Marion, for appointment. Attorney Lee Gibson, of Hopkins county, is also said to be urged for the appointment. Efforts are being made to have Judge Gordon hold on to the office until after the time at which it would be necessary to have an election in the district this fall. The counties of
